VAN BADHAM'S TOP TIPS WRITING A REVIEW

- 1. Establish a context. What is the name of the show? Where is it on? Why is it happening?**
- 2. Give us a sense of how the show works. What are the choices the director has made?**
- 3. Give an evaluation. Look at intention and then look at realisation.**
- 4. Make a verdict. Was it alright? Was it great? Would you recommend it to your friends?**
- 5. Most importantly, above all else be honest and have fun!**
